STEAMSHIP SAILINGS TO BRITAIN AND THE CONTINENT

For most people a trip to Britain or the Continent is a thrilling experience, something to be enjoyed to the fullest. WHERE you go, HOW you go, WHAT YOU DO in each precious minute of your holiday—All of these things are so very important. They are the secrets of a wonderfully successful trip that you'll talk about the rest of your days.

Early reservations and careful planning are the basic essentials of your trip to Britain or the Continent. If you are planning on going overseas next year our best advice is to reserve NOW for steamship accommodation in 1959. Your listing for approximate steamship sailing dates cannot be made too early, as definite cabin accommodation is offered, when the sailings are announced, in the order that the listings are received.

MACKIE TRAVEL SERVICE are agents for a large number of trans-Atlantic steamship lines, including Cunard Steamship Co. Ltd., Canadian Pacific Steamships Limited, United States Lines, Holland-America Line, French Line, Swedish American Line, Norwegian-America Line, Greek Line, Home Lines, Italian Line.

With these facilities, we are in a position to offer alternate sailing reservations which may be to your advantage when steamship accommodation to Britain and the Continent is as difficult to secure as it is today.

If you are contemplating a trip to the British Isles this Fall or Winter, or in the Spring or Summer of 1959, we would urge that you instruct us to list you NOW for both your approximate going and return dates.

Please remember, there is no charge for our very complete services. These services include steamship reservations, passport and visa assistance, British and European rail tickets, all-expense tours in Britain and the Continent, and hotel reservations. Our complete stock of tourist literature will add to the enjoyment of your trip. Take advantage of these extra facilities at no cost to yourself.

FLY TO BRITAIN AND EUROPE LOW COST TOURIST SERVICE

The new ECONOMY airplane service to Britain and Europe now opens up a whole new field of travel to most of us.

These reduced ROUND TRIP plane fares from Montreal to London of \$444.60 or Glasgow \$417.60 or Paris \$480.60 mean that a holiday in Britain or Europe is now possible on a limited budget and with a limited vacation period. Did you realize that you could have breakfast in Winnipeg one day and lunch in Paris the next?

A two weeks vacation in Britain is now a reality and at a price you can afford. We have special all expense tours operated on an economy basis that we think will prove exceedingly interesting to those considering taking advantage of this new concept of mass airplane travel.

Come in and let MACKIE TRAVEL SERVICE tell you more about Tourist Trans-Atlantic airplane travel.

Itinerary

Sunday—Away from Winnipeg in the morning by Greyhound Lines, reaching Jamestown in the late afternoon for an overnight stop.

Monday—Southbound, reaching Rapid City, "Capital" of the Black Hills, in the evening, for your four nights' stay.

THE BLACK HILLS

The vacation menu of the Black Hills region is loaded with a variety of recreational appetizers. Only here has Nature provided such a bounteous store for the sightseeing connoisseur, to be enjoyed in supreme comfort, as you relax in Nature's own air-conditioning . . . days of warm, friendly sun and nights cool and invigorating.

If you're a mountaineer at heart, you'll thrill to the rugged peaks of the Black Hills, the highest lands in the United States east of the Rocky Mountains . . . mile-high mountain lakes . . . cold, clear streams, that run eight degrees above freezing in midsummer and others, ninety-four degrees in winter . . . great forests of pine and spruce. Scattered among these growing trunks, are petrified trees turned to stone aeons before there was a human being to walk in their shade . . . lush valley meadows, with herds of deer, elk and buffalo . . . deep underground caverns, with miles of audience chambers and jewel-walled galleries.

If there is something of the sculptor, painter or architect in your soul, you'll be awed by the breath-taking beauty of the South Dakota Badlands. Towers, pinnacles and minarets rise bewilderingly into the skyline. Domes and spires seem to decorate gorgeous cathedrals and palaces, like the magnificent ruins of a great, silent city, painted in delicate shades of pink, buff and green. Strange perspectives that trick your sense of depth and space, make the vistas as unbelievable as a fairy tale. Today this area is a natural museum of prehistoric animal life. From the Badlands, science has reconstructed the events of a prehistoric age.

Just as the Black Hills region is unique, so is the vacation it holds in store for you, dramatically different from any you ever experienced before. Sublime new scenery and exciting new experiences season your days with a piquant spice.

INSURE YOUR BAGGAGE

We strongly recommend Baggage Insurance for either a short or an extended holiday. A baggage insurance policy covers against loss or damage of any kind, not only to your baggage, but also to all your personal effects, with the exception of wear-and-tear or gradual deterioration, as outlined in the contract. For this broad coverage the rates are very moderate. The minimum premium is \$3.00, which would give \$300.00 coverage for 2 months, or a larger coverage for a shorter period. Let us quote you a premium to cover your holiday period.

All fares, cruise rates and sailing dates shown herein are subject to change without notice.

MACKIE TRAVEL SERVICE does not accept any liability for any damage, loss or injury or delay incurred by a passenger holding tickets issued in connection with these arrangements, however occasioned, nor for any loss or damage of or to his property.
